"Thank you very much," said Amos and walked on till he came to another sailor whose feet were. The scene outside was deceptively quiet as Colman lifted a flap and peered out, keeping his head well back from the edge of the canopy. The hillside below the post fell steeply away, its features becoming rapidly indistinct in the feeble starlight before vanishing completely into the featureless black of the gorge beneath. There was no moon, and the sky was clear as crystal. When his eyes had adjusted to the gloom, Colman shifted his attention to the nearer ground and methodically scanned the area in which the twenty-five men of the platoon had been concealed and motionless for the past three hours. If they had undercut their foxholes and weapons pits the way he had shown them and made proper use of the rocks and vegetation, they would stand a good chance of escaping detection. To confuse the enemy's tactical plots further, D Company had deployed thermal decoys a half mile back and higher up near the crest, where, by all the accepted principles, it would have made more sense for the platoon to have positioned itself. Auto timed to turn on and off in a random sequence to simulate movement, the decoys had been drawing sporadic fire for much of the night while the platoon had drawn none, which seemed to say something about the value of "the book" as rewritten by Staff Sergeant Colman. "There are two ways to do anything," he told the recruits. "The Army way and the wrong way. There isn't any other way. So when I tell you to do something the Army way, what does it mean?". "Maybe so. But just because we're colonists doesn't mean we have to behave like rabbits. A pregnant woman will have to be removed from the work force at the end of her term, and we can only afford one at a time. After Lucy has hers, then come ask me again. But watch Lucy carefully, dear. Have you really thought what it's going to take? Have you tried to visualize her getting into her pressure suit in six or seven months?". Gateway and disappear. It was high enough: it had to. But it didn't. For, all of a sudden, a great hand. feel about any beautiful thing with one overwhelming flaw.. Every single cell in your body, in other words, has the genetic equipment of every other cell and of the original fertilized egg. Since genes control the chemical functioning of a cell, why is it, then, that your skin cell can't do the work of a heart cell; that your liver cell can't do the work of a kidney cell; that any cell can't do the work of a fertilized egg cell and produce a new organism?. Detweiler's flush of health was wearing off that afternoon. He wasn't ill, just beginning to feel like the supposed to set a new trend. Building it may take as long as a year, and they're going to need all

In the audience was my good friend of three decades? the well-known science fiction writer, boo vivant, and wit, Randall Garrett Out of the corner of my eye, I noticed a piece of paper placed on the podium as I talked about cloning. I glanced at the paper without quite halting my speech (not easy, but it can be done, given the experience of three decades of public speaking) and saw two things at once. First, it was one of Randall's superlative pieces of satiric verse., Then, as though they'd been waiting for these preliminaries to be concluded, tears sprang to her eyes. A tremor of heartfelt emotion colored her lovely contralto voice as she said, "Oh Jesus, what am I going to do? I can't take any more! I am just so ... so goddamned wretched! Fd like to kill myself. No, that isn't true. I'm confused, Larry. But I know one thing? I am an angry woman and Fra going to start fighting back!". Jack nodded., ones, to provide themselves with an avenue into Heaven. The two interpretations have. satisfaction of behaving outrageously." .hall. It was comfortable and cluttered, and dominated by a drafting table surrounded by jars of brushes. "Yes, I would. Thank you." "Glowing behind those rocks," cried Amos.. possible?". Nolan scowled. "What is this?". He examined the dome as he walked back to camp. There was a figure hazily visible through the plastic. At this distance he would have been unable to tell who it was if it weren't for the black face. He saw her step up to the dome wall and wipe a clear circle to look through. She spotted his bright red suit and pointed at him. She was suited except for her helmet, which contained her radio. He knew he was in trouble. He saw her turn away and bend to the ground to pick up her helmet, so she could tell him what she thought of people who disobeyed her orders, when the dome shuddered like jellyfish.
